

Hello, I hope you're well.

I am an expert freelancer and my working area is MS Excel, in which I'll do Data Entry / Matching / Cleaning / Fetch / Formatting, Graphs & Charts, Tabular data arranging and formatting, Interactively Data Visualization, PDF to Excel, Presentation slides etc. *Interactively visualized data is a lot easier way to get deep insights than the traditional tabular data format (text and numbers).* I can do anything that is related to my expertise. Also, I have a handful experiences on this field for around 10+ long years. I have also profound knowledge in other sectors that are related to this field.

मैं एक विशेषज्ञ फ्रीलांसर हूँ और मेरा कार्यक्षेत्र एमएस एक्सेल है, जिसमें मैं डेटा एंट्री/मैचिंग/क्लीनिंग/फ़ेच/फॉर्मेटिंग, ग्राफ़ और चार्ट, टेबल डेटा की व्यवस्था और स्वरूपण, इंटरएक्टिव डेटा विज़ुअलाइज़ेशन, पीडीएफ से एक्सेल, प्रेजेंटेशन स्लाइड्स करूँगा। आदि। *पारंपरिक सारणीबद्ध डेटा प्रारूप (पाठ और संख्या) की तुलना में अंतःक्रियात्मक रूप से विज़ुअलाइज़ किया गया डेटा गहरी अंतर्दृष्टि प्राप्त करने का एक बहुत आसान तरीका है।* मैं कुछ भी कर सकता हूँ जो मेरी विशेषज्ञता से संबंधित है। साथ ही, मुझे इस क्षेत्र में लगभग 10+ लंबे वर्षों के लिए एक विशाल अनुभव है। मुझे इस क्षेत्र से जुड़े अन्य क्षेत्रों में भी गहन ज्ञान है।

I am acquainted enough with the skills that your job demands and these are:
